

Program Monthly Payment Authorization Policies

1. Payment Authorization

By registering for the program, you authorize Women Palante to automatically charge the provided credit/debit card or bank account on a monthly basis until you decide to cancel your subscription in accordance with our cancellation policy.

2. Automatic Renewal

Your subscription will automatically renew at the end of each monthly cycle, and the corresponding amount will be charged to the registered payment method. You will be notified at least 7 days in advance in case of any changes to the renewal terms.

3. Subscription Cancellation

You have the right to cancel your subscription at any time before the next billing date. However, any payments made before cancellation will not be refunded.

Cancellation Process: To cancel your subscription, you must follow the steps detailed in our cancellation section or contact our support team at hola@womenpalante.org at least 24 hours before the next billing date.

Effect of Cancellation: Cancellation will take effect from the next billing cycle.

4. Payment Modifications

It is the participant's responsibility to keep payment information up to date. If we are unable to process the payment due to an expired card or incorrect details, Women Palante will attempt the payment 3 business days later until the payment is successfully processed.

5. Late Fees or Non-payment Charges

If the monthly payment is not processed correctly due to insufficient funds or issues with the credit/debit card, a late fee (if applicable) will be charged. In this case, the participant will be notified to take the necessary steps to resolve the situation.

If payment is not processed correctly due to insufficient funds or incorrect information, a late fee may apply.

6. Right to Modify Payment Policy

Women Palante reserves the right to modify prices and payment conditions with prior notice to participants. Any changes to pricing or the payment structure will be communicated to participants at least 30 days before billing changes take effect.
